Summary

Passionate **Junior UI/UX Designer** with hands-on experience designing intuitive, responsive, and visually appealing interfaces. Proficient in **Figma**, **wireframing**, and prototyping, with a solid foundation in **HTML**, **CSS**, and responsive design principles. Adept at collaborating with developers and stakeholders to create user-friendly dashboards and design systems. Excels at usability testing, accessibility, and solving user-centric problems within real-world business constraints.

Skills

Design Tools	Figma, Wireframing, Prototyping, Auto Layout, Components, User Flows
UI/UX Concepts	Responsive Design, Accessibility, Design Systems, Usability Testing
Frontend	**HTML5**, **CSS3**, React.js, JavaScript
Backend & DB	Node.js, Flask, MongoDB, MySQL
Other Tools	Git, Firebase, Postman, Blender, JIRA, Confluence
Soft Skills	Collaboration, Communication, Problem-Solving, Curiosity, Creativity

Projects

Social Pulse (Social Media App) — *MERN, Chakra UI* - Designed a clean, modern interface with reusable components and accessible layouts. - Built real-time chat, notifications, and activity feeds to improve engagement. - Applied responsive UI techniques for mobile-friendly experience.

Proctored High-Security Browser — *Electron, React* - Designed a secure browser UI for online exams with clear, minimal workflows. - Built real-time dashboards for exam administrators to monitor student activity. - Ensured seamless integration with APIs and responsive scaling.

Face Recognition Attendance System — *Python, Flask, SQL* - Developed dashboards for teachers and admins to track real-time attendance. - Added CSV exports and implemented smooth, role-based navigation for users.

Web3 Identity Platform — *React, Solidity, IPFS* - Designed seamless flows for decentralized identity creation and management. - Integrated MetaMask authentication with reusable React components.

3D Animation of Running Fox — *Blender* - Modeled, textured, and animated a realistic fox with smooth transitions and lighting.

Experience

UI/UX Design Intern   Xpress Bites   *Jan 2025 – Mar 2025* - Designed food-ordering dashboards, improving usability and reducing clicks by 20%. - Conducted A/B testing and optimized layouts based on user interaction feedback. - Collaborated with developers to translate Figma designs into responsive web interfaces using HTML/CSS.

SQL Intern Celebal Technologies *Jun 2025 – Aug 2025* - Built backend APIs using Node.js & MongoDB with robust validation and logging. - Designed integration documentation for clients and supported cross-functional collaboration. - Worked in an Agile-Scrum environment with JIRA and Confluence.

Certifications

- **Google UX Design Specialization** — Coursera *(2025)* - **Figma UI Design Mastery** — Udemy *(2025)* - **Responsive Web Design** — freeCodeCamp *(2024)*

Education

Chandigarh University, Punjab	*2022 – 2026* B.E. in Computer Science Engineering — **CGPA: 7.29**
Sunbeam School, Mughalsarai	*2021* Intermediate — **82%**

Achievements

- **Winner** — University Hackathon *(2024)*: Designed a food delivery UI used by 1,500+ students. - **Shortlisted** — Smart India Hackathon *(Institute Level)*: Built a healthcare UX prototype. - **Best Intern** — Celebal Technologies *(2025)* for exceptional API contributions. - Created 15+ reusable **Figma UI Kits** used in personal, academic, and freelance projects.
